### Multitank with 2 x fitment

Top Fitment: 1" Elpo spout

Bottom Fitment: 2" Valve high flow

- Carton is a high risk material
- Need wooden pallet
- Not returnable
- Create Wastes
- Unsafe if damaged or leakage

Carton boxes with Liner Bag

- Carton is a high risk material
- Need wooden pallet
- Not returnable
- Create Wastes
- Unsafe if damaged or leakage

Carton boxes with Aseptic Bag

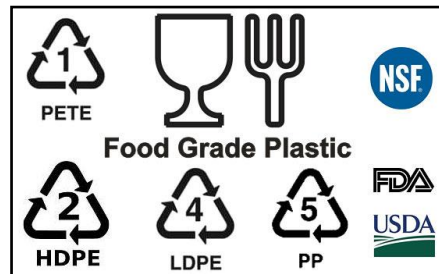

Multitank has a serious advantage compared to other containers. If an accident happened, Multitank will still remain liquid tight and the damaged will be isolated.

Multitank Certified with ISTA 3H Transport Certification
